HIGH SCHOOL ADVENTURES TO GERMANY AND AUSTRIA

Our high school students made it safely to Germany! While in London for a layover, they adventured to Windsor for some food and a chance to walk around and stretch their legs. They had the opportunity to see Windsor Castle, which is the Queen's summer home, and where Prince Harry and Megan Markle recently married.

Shortly after, they arrived in Nuremberg, Germany, with a full day touring the historic city. At the end of WWII, Nuremberg became famous for the Nuremberg trials of Nazi officials for war crimes and against humanity. The students visited the courtroom of the trials as well as a museum that honored the lives of those affected.

Next, it was off to the Germany countryside! They made their way through beautiful countryside to visit the Neuschwanstein Castle. And, immediately were blown away by its' beauty and charm! Before going into the castle, they had the chance to tour the grounds and see the amazing view of the castle and the valley. We can't wait to hear about their exciting adventures in Austria!

JUNIOR HIGH NEWS

OLÉ! OLÉ! OLÉ!

Students travelled on a world tour in 6th grade Spanish Exploration as they each presented posters on Spanish-speaking countries. They were required to research the culture and history of their chosen country. As a conclusion to their studies, students brought in authentic foods to share for a fiesta with their fellow classmates!

ELEMENTARY NEWS

WE FOUND TURKEYS AT MCS!

In preparation for Thanksgiving, elementary students in computer class had a festive lesson! The classes have been learning how to use Google Drawing to create a digital drawing of a turkey using various shapes. The future graphic designers learned different tasks: fill color, rotate, order, layer, resize, and the importance of mouse control. The turkeys came to life as each student put their own creative touch on the design!

KINDERGARTEN WELCOMES A SPECIAL VISITOR

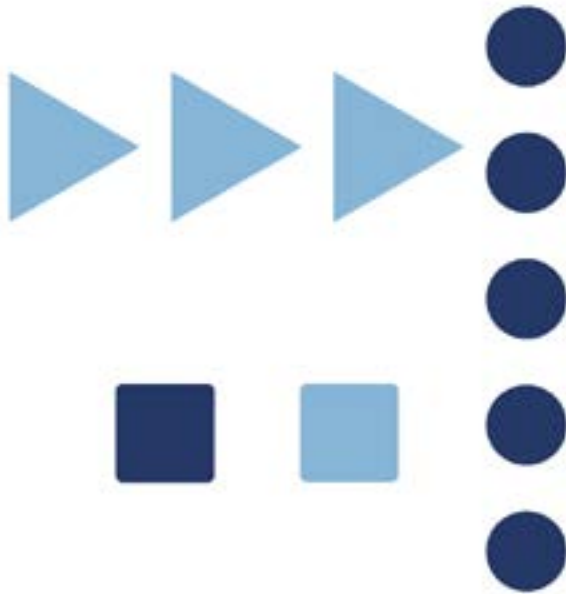

A special visitor came to MCS this week, giving our Kindergarten classes a once-in-a-lifetime opportunity! Dr. McIntosh, the grandparent of one of our Kindergarten students, shared with them about his Native American heritage. His family was of the Muscogee/Creek Tribe that originated in Georgia but then was settled in Oklahoma. After his grandpa, Chief Dode, passed away the special headdress was given to Dr. McIntosh.

These type of headdresses are mostly only seen and found in museums, it was quite the honor for students to see one up close. Dr. McIntosh shared with us that the more feathers, the higher up in leadership the individual who worn it, would have been. The feathers were also awarded for acts of bravery and by the looks of it, we think Chief Dode must have been a great chief and leader in his tribe! Students peppered Dr. McIntosh with all types of questions and enjoyed the special presentation!

PRESCHOOL NEWS

CIRCLES, SQUARES, AND TRIANGLES...OH MY!

The 3-year-olds from Mrs. Backues' class had a creative hands-on lesson in recognizing and building geometric shapes. They used Play-Doh and other tools to construct their own shapes, learning how different shapes can share the same attributes. Future architects and builders we may have on our hands!
